## CONTEMPORARY ART JEWELLERY

Brussels, 11 December 2014

After ten wonderful seasons, galerie vander A, in the Avenue des Saisons/Seasons avenue, Brussels, will be closing down at the end of December 2013.

Through your cooperation with us, ten great individual or group exhibitions have been held, accompanied by photos, a video art, a catalogue, a gesture or an artistic performance (dance).

Artists' works are magnificent. They have been displayed in a very attractive contemporary setting, away from all the bustle but well noticed by our acquaintances, journalists, art centres and specialised networks, as well as online.

Unfortunately, too few people have so far shown an interest in acquiring them. Despite very many words of encouragement and a growing number of visitors, I have decided to move out of this lovely place. Nonetheless, driven by my passion, my conviction and the experience that I have built up in this field, I will be getting back to you with others projects. But only if it is as excellent as their creations.

In view of their success, it was important to hold exhibitions about the Masters and Pupils who have shaped the history of contemporary Belgian jewellery. And that is exactly what we did with the TWEEEX project. The last installment of this overview is likely to go ahead in 2015.

To all of you, thank you for your confidence in me.
